Genuine and Cubic Zirconia Gems and colored birthstones also available on special order.

Materials

We make most of our Ear Charms™ in solid 14K. yellow gold and some in solid 14K. white gold. We also offer Sterling Silver (.925) and many of our designs are available in 24K. Gold Vermeil (100 to 120 mm thick) over Sterling Silver. Vermeil is a wonderful alternative for those with metal sensitivities, usually caused by the Nickel used in lesser quality jewelry. Clean in any quality liquid jewelry cleaner. Pearls should only be cleaned in a pearl safe cleaner.

#2-P-CZ. "The Short Wave"™ with Pear-CZ

One sparkling Pear Shaped Cubic Zirconia with one 2 mm round CZ. (Available in solid 14k. gold only)

#2-P-CZ (pair) A pair of waves

can be worn one on each ear, or, for a real splash, try them both on one ear! as pictured above.

#2X-CZ. "The Long Wave"™ with Cubic Zirconia

Hand set with one 2 mm CZ (3 points), and one 3 mm CZ (10 points) will either cover the hole or create a "cluster" around other earrings.
